That Tired Feeling AND GENERAL DEBILITY.

The cause is poor, thin blood, resulting in deficient vitality. To overcome this, the blood needs to be enriched and vitalized, and for this there is no medicine in the world equal to Ayer's Sarsaparilla. The cures it has worked, the men, women and children it has restored to health, are countless in number. One such experience is related by Mr. Robert Goodfellow, Mitcham, South Australia, as follows: "I have used

AYER'S Sarsaparilla

in my family for years, and would not be without it. I used to suffer with boils and skin eruptions, attended with great lassitude and general debility. In fact, I was so ill that I could not attend to my business. Being advised to try Ayer's Sarsaparilla I did so, and I am happy to say that the medicine restored me to perfect health. I have since used Ayer's Sarsaparilla for my children, in various complaints, and it has always proved effective. I can safely recommend it to sufferers as

New York, November 25.—A Herald dispatch from Washington says: Hawaii will be annexed to the United States during the coming session of Congress. This is one of the certainties of the session. The Senators and Representatives, both advocates and opponents, who have thus far arrived in Washington, are practically unanimous on this point. President McKinley's message will strongly urge upon the Senate the early ratification of the annexation treaty, and it will be one of the first topics brought up in executive session.

All the opponents of annexation can do is to delay action by talk. Some of them have great ability in this direction and make no sort of secret of their intention to tire out the Senate and defeat ratification by long speeches. It is not probable that they will be successful, though they may delay action until after the holidays or even until February or March.

REMOVED WAR IN AFRICA.

Berlin, Nov. 26.—A dispatch to the Frankfort Zeitung from Rome reports that a sanguinary conflict has taken place between the French and British at Nikki, in the Lagos Hinterland.

London, Nov. 26.—While the accuracy of the report that a conflict has taken place between French and British troops is doubted, the local papers today pointed out the imminent danger resulting from the proximity of the two forces in the contested territory.

Paris, November 26.—M. Lebon, the Minister of the colonies, has received no information of a collision between the British and French troops at Nikki, the Niger region, and discredits the report.

GERMANY AND CHINA.

China has refused Germany's terms, which comprise the rebuilding of mission houses, 600,000 taels to relatives of the two murdered missionaries, and a heavy indemnity to cover cost of the German naval expedition, etc.

A London dispatch of the 26th says: It is reported that Chan Koin, the Chinese General who was in command of the fortifications at Kiaochow bay and who surrendered to the Germans with out firing a shot, has been condemned to death by the Chinese War Council. The Viceroy of Canton, Foo Choo and Nankin are trying to put the coast defenses in a proper state of repair, with the view of preventing future seizures of Chinese territory.

Berlin, November 26.—The persistent silence of the Government regarding the intention of Germany at Kiaochow bay, though particularly caused by the necessities of diplomatic negotiations, is beginning to be regarded with considerable anxiety.

It is believed that immediately prior to the occupation by Admiral von Diederich and the German cruiser division the Government notified Russia of its intention as a friendly power, and that a virtual agreement exists under which Germany may keep Kiaochow and the bay, while Russia becomes the predominant power in Corea, which is tantamount to annexation.

AUTONOMY FOR CUBA.

Madrid, November 27.—The Official Gazette publishes this (Saturday) morning the royal decree, granting autonomy to Cuba and Porto Rico, thus removing the anxiety that had begun to be expressed on all sides as the result of the government's reticence and unexplained delay.

New York, November 26.—The Cuban Assembly, which met recently at Camaguey to remodel the constitution and elect a new President, issued a manifesto, which is dated October 30, 1897, and is signed by Domingo Moxos Capote, as president of the Assembly.

Among the declarations of the manifesto are these strong words: "Independence or death is and shall be the unalterable and sacred motto of the Cubans."

"The Cubans have not resorted to arms in order to obtain political measures which do not, once and for all, solve the Cuban question. This is the reason we will accept nothing short of absolute independence."

"It is our purpose to constitute an independent state, orderly, prosperous and happy, over the ruins of a worn-out colony. We are firmly determined to carry on the war until victory or death crowns our efforts."

THE CALIFORNIA DELEGATION.

The first consideration of the California delegation in Congress will be the Nicaragua Canal. According to a forecast in the Chronicle,—

In the opinion of Judge Hilborn, the proposed annexation of the Hawaiian islands make the completion and control of the Nicaragua canal by the Government a necessity. In the present condition of the Navy, with the number of battleships so limited and the fact that under any plan for building a navy it will be many years before the American sea defenses will be adequate when the nation has a province in the Pacific, the control of the canal, with its existence as a foregone conclusion, must lie in the United States.

SPECIAL TERM OF COURT IN THE CIRCUIT COURT

The Criminal Calendar Contains Only Half a Dozen Cases.

Plenty of Work in Prospect for Jurymen in Getting Through with the Civil Cases.

Judge Perry will preside at a special term of the Circuit Court to commence next Monday at 10 o'clock.

There are only three criminal cases on the Hawaiian jury list, one for assault and battery and one for larceny. Kapea and Kaio, convicted of the Kauai murder, will be brought up for sentence at the opening of court.

Two opium cases and one for assault and battery are all that will require a foreign criminal jury.

On the civil calendar there are six cases to come before a Hawaiian jury and eight for the mixed jury. There are twenty five cases for the foreign jury and twenty-six in which a jury has been waived.

Among the prominent civil cases are: Minister of Interior vs. Bishop Estate for condemnation of land; J. D. Spreckels et al. vs. A. G. Hawes et al. ejectment; Mary E. Burgess vs. Hawaiian Tramway Company, damages; and C. K. Roake vs. Queen's Hospital to quiet title.

Mr. Hitchcock's Lecture.

There was an interested group of Kiloheana Art League members and friends to hear D. Howard Hitchcock's talk on Art, with entertaining reminiscences of his art student life in Paris. The lecture was regarded as a treat and a cordial vote of thanks, put by Philip H. Dodge, was tendered the talker at the close. Mr. Hitchcock after laying aside his manuscript spoke briefly on art as exemplified by the Kiloheana Art League. He deemed the present exhibition showed a distinct elevation of the standard from preceding ones. There was more evidence of a striving to feel the higher impulses of art.

Judge Stanley Renders Another Decision on Demurrer.

Motion for a New Trial Denied—Deputy Marshal Hitchcock Returns an Execution Satisfied.

In the Circuit Court of the First Circuit Judge Stanley has rendered a decision on demurrer in the case of Aswan vs. Clara H. Banning and J. A. Magoon. This is a bill in which the plaintiff Aswan avers that on July 16, 1894, he mortgaged certain real estate in Honolulu to the defendant, Clara H. Banning, for the sum of \$16,000, payable with interest in three years from said date; that the defendant Magoon acting as attorney-in-fact of the defendant Banning collected certain rents payable to the plaintiff to apply them to the payment of the interest accruing on said mortgage; that the plaintiff is desirous to redeem the mortgage, but the defendant Magoon acting as attorney in fact refuses to render an account to plaintiff of the sum owing on the mortgage and to allow the redemption of the mortgage. The prayer of the bill is that each of the defendants be ordered to account to the plaintiff, that the Court do decree the amount payable on the mortgage and that the defendants do release and discharge the same.

The defendants demur on the ground [1] that the bill is multifarious by reason of several distinct and unconnected matters being improperly confounded and [2] that there is a misjoinder of parties defendant.

In his decision Judge Stanley holds the first ground of demurrer to be unavailing. As to the second it is of opinion that the demurrer is well taken from the fact that it is nowhere alleged in the complaint that the defendant Magoon has any personal interest in the matter in dispute, that he was merely an agent of the defendant and as such no decree could be made against him personally. The demurrer is sustained on the ground of misjoinder of parties defendant, the plaintiff being allowed ten days in which to file an amended complaint upon payment of costs. J. M. Monarrat for plaintiff; J. A. Magoon for defendants.

In the case of Yee Sing Tai vs. John Kula, Deputy Marshal Hitchcock makes return of satisfaction of execution to the amount of \$106.62 and Marshal's costs.

Judge Stanley this morning denied a motion for a new trial in the case of L. Nakoa vs. Neleolani and B. L. Hoa. A. S. Humphreys for defendants noted exceptions to the ruling of the Court.
